Bayshore Asks County to Aid Garbage Fight

Permit Lost by S. F., But Operations Continue

Assistance of San Mateo county in stopping San Francisco's illegal dumping of 600 tons of garbage daily at Bayshore City was asked Monday by he Bayshore Sanitary District in a communication to the board of supervisors.

N. C. Wilson, president of the district, also appeared personally to protest the dumping. He said that the Scavengers' Protective Union of San Francisco had failed to live up to the district ordinance and that the permit had been revoked.

The boad, upon motion of Supervisor Albert Witt, Colma, and second of Supervisor Manuel Francis, Half Moon Bay, referred the complaint to District Attorney Edmund Scott's office.

San Francisco asked a permit last week of the San Mateo county board for use of Mills Field as a new dumping ground, but the question was put over for action until next Monday.

Baker Code Delayed

Action on the proposed adoption of an ordinance to regulate the sanitary handling of bakery goods as proposed by the Master Bakers of San Mateo county was continued by the board today to give an opportunity for all sides to be heard. The ordinance is not yet completed.

The Peninsula Bakers Association Inc., of San Jose asked for a copy because of interest in that county in a similar measure, according to George E. Watson, secretary-manager.

William M. Foley of San Francisco, secretary of the California Bakers Association, appeared before the board to arrange for his group to be heard before the ordinance is acted upon.

Supervisor Witt said that bakeries in Northern San Mateo county also wish to be heard on the proposal. The matter of a public hearing was referred to County Executive Walter Kellogg.

Skeggs Gets Fund

Col. John H. Skeggs, district engineer of the California Highway Commission, appearing as a Shriner, appealed for $250 funds for oiling the road leading from the Alpine to the Shrine Grove in San Mateo county.

The board, upon motion of Supervisor Witt and second of supervisor Francis, instructed Engineer James S. James to proceed with the work.

Redwood City's request that the county raise $2150 to the credit of the Woodside drainage project was continued one week.

Milk Inspector J. J. Garland won a request that a deputy milk inspector be allowed 5 cents per mile for the use of his car.

District Attorney Scott was autorized to proceed with condemnation proceedings for the San Pedro Terrace road.

Public hearing on a proposed reorganization of the Lomita Park Fire Department was set for April 30.

Publication rates were set for a hearing by the board and committees of the grand jury and other groups for next Monday.

Six Are Hurt On Coastside

Car Dives Over Bank Near Pedro Point In Dense Fog

HALF MOON BAY, April 9.—One man was critically injured, and five other passengers were cut and bruised and shaken up when their automobile last Saturday plunged over a bank on Shelter Cove road near Pedro point in a dense fog.

Joseph Fabian, 41, of 307 Arkansas street, San Francisco, incurred a fracture of his neck. He was reported today to be progressing favorably at the Villa Sanitarium in Colma, to which he was taken.

The others in the car were Melvin Colin, 36, of 216 San Jose avenue, San Francisco; Jess Silver and his two sons, Jess Jr. and Homer, and W. J. Horton, all of San Francisco.

The automobile dropped 100 feet down the bank after going off the road. Some of the party were able to make their way back to the road to summon aid.

Traffic Officer Otto Schramm investigated the crash.

EVA HIGHEST IN VOTING; FLETCHER, CHRISTENSEN ALSO WIN BOARD POSTS

Capturing seven of eight precincts, the "new deal" ticket composed of James M. Eva, Evans A. Fletcher and Louis C. Christensen swept into office as city councilmen over three incumbents in yesterday's balloting.

Approximately one-half of the city's registered voters went to the polls. Of 5,047 registered, about 2,466 votes were cast.

Eva, a newcomer to city politics, who has lived here 29 years and is an instructor at Sequoia Union High School, was "high man" in the city voting. Showing surprising strength he defeated Councilman Henry Beeger, highest of the incumbent candidates; Mayor William J. Dusel and Councilman Charles Hildebrant.

Fletcher, for the past seven years a resident here, trailed behind first place by only 37 votes, while Christensen, third member of the "new dealers," who has lived here eight years, ran third 88 votes behind Fletcher.

Beeger came fourth 528 votes behind Christensen; Hildebrant ran fifth; Mayor Dusel, sixth; W. W. Hendricks, an independent, seventh, and William P. Jamieson, another independent eighth.

Here are the unofficial totals:

(Elected)

Eva (new)	**1,528**
Fletcher (new)	**1,481**
Christensen (new)	**1,393**
(Defeated)	
Beeger (incumbent)	**990**
Hildebrant (incumbent)	**846**
Dusel (incumbent)	**654**
Hendricks (new)	**598**
Jamieson (new)	**257**

Lead Only Once

Councilmen Beeger and Hildebrant took the lead over Eva in No. 1 precinct (2326 Broadway) and Beeger took a third place in No. 8 precinct (Walter Realty Office). But outside of those showings, the incumbents lost solidly in the other six precincts.

The leaders in the other six precincts were as follows: No. 2 (408 Stambaugh) — Christensen, Fletcher, Eva; No. 3 (Casaretto building) —Fletcher, Christensen, Eva; No. 4 (467 Lincoln)—Eva, Christensen, Fletcher; No. 5 (242 Jackson)—Fletcher, Eva, Christensen; No. 6 (228 Fulton)—Eva, Fletcher, Christensen; No. 7 (Woman's Club)—Eva, Fletcher, Christensen.

Beeger Defeat Surprises

Defeat of Councilman Beeger, long-time resident and business leader, who has served on the council for 12 years, proved the surprise to most persons who commented upon the outcome. They conceded the strength of two candidates of the "new deal" ticket.

The "new deal" ticket pledged itself to (1) no bonded indebtedness without the voters approval; (2) strict attention to city affairs; (3) responsiveness to the will of the people, and (4) progressive, representative government.

Interest and some concern was expressed as to the immediate results of the "new deal" and how it would affect present city officeholders.

Holdover councilmen are George McNulty, Charles Lambert, Robert Jones and Paul McCarthy.

The new board will reorganize at the April 16th meeting—next Monday.

MENLO PARK

MENLO PARK, April 10 (Special)—J. E. Cooper, Henry Carroll and Irving Dunn, who sought office in opposition to the present city administration, are the three new members of Menlo Park's city council.

They were decively elected Monday over Councilman J. E. Crane and W. E. Dale, who were seeking re-election, and George Nesbitt, their running mate.

A total of 762 Menlo Park residents, representing 68 per cent of a registration of 1,126 voters, went to the polls yesterday to vote as follows:

(Elected)

J. E. Cooper	**445**
Henry Carroll	**438**
Irving Dunn	**427**
(Defeated)	
George Nesbitt	**310**
E. J. Crane	**307**
W. E. Dale	**283**

As had been anticipated, the voting strictly followed "ticket" lines. Victory of the anti-administration slate, sponsored by the New Deal Club which had been formed for campaign purposes, was complete. The decisive margin of 117 votes separated Nesbitt, who lead the administration ticket with 310 votes, and Irving Dunn, who ran a close third on the winning slate. And only 18 votes separated Dunn and the high man of the "new dealers," J. E. Cooper.

GENERAL ADDS NEW TRUCKS

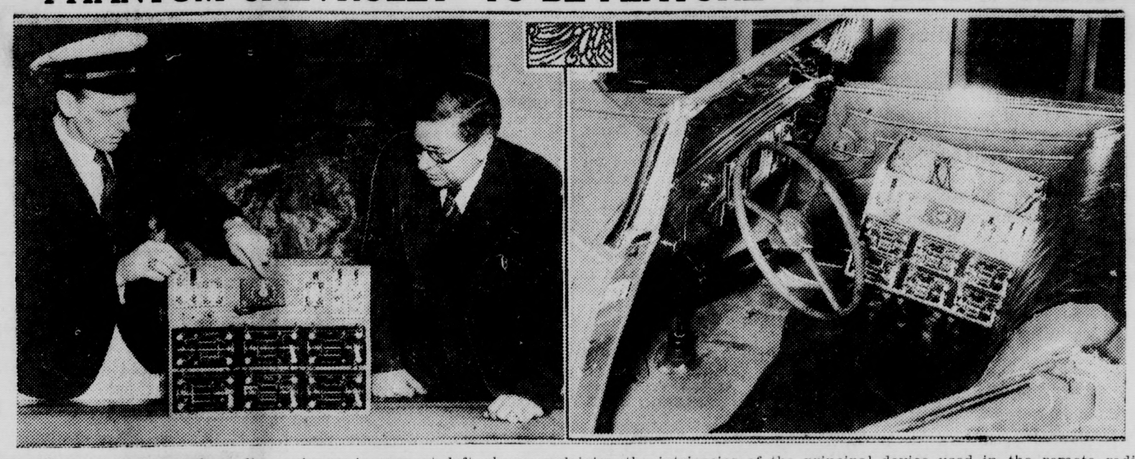
Photo shows one of the fleet of five new truck and semi-trailer units just put into service by General Petroleum Corporation, producers and distributors of General Mobilgas. Heavy increase in the company's business makes the additional haulage units necessary.

Evidence of the way in which an uptrend in one industry favorably affects business in many unrelated lines is disclosed by the recent purchase of five new truck-and-trailer units by General Petroleum Corporation for the haulage of its General Mobilgas.

An intensive advertising campaign, in which newspapers are playing the leading part, has resulted in boosting the company's taxable gallonage sales on the Pacific Coast to such an extent that additional haulage equipment has been found necessary to handle deliveries to service stations. The five new motor units are the answer, and motor makers, dealers, tire manufacturers and tank and body builders are the beneficiaries.

The trucks are the new model Dodge Sixes built especially for use with a two-wheel semi-trailer tank unit known as the Lapeer type trailer. They are special jobs of 1500 gallons gasoline capacity, divided into four compartments, and are considered by transportation experts to be the last word in modern fuel haulage equipment. Tanks, tires and trailers were all made on the Pacific Coast. The five new units have been allotted to service in different parts of General's Pacific Coast territory.

"PHANTOM CHEVROLET" TO BE FEATURE OF PARADE HERE



Captain J. J. Lynch, radio engineer, is seen at left above explaining the intricacies of the principal device used in the remote radio control of the mysterious "Phantom Chevrolet," which will perform for the amazements of thousands throughout the business district of Redwood City next Friday afternoon, April 20, at 2:30 o'clock. Above, at right, are the "mechanical brains" of radio control operation of the driverless automobile. Captain Lynch will explain its workings at the showroom of the Davies Auto Co., local Chevrolet dealers, 1502 Highway, where it will be on display all day next Friday, previous to the parade at 2:30. Local merchants plan to co-operate with the sponsors of the parade, plans for which will be announced later.

Cooper Slated As New Mayor Of Menlo Park

O'Keefe Jr. to Win City Attorney Office

MENLO PARK, April 11.—J. E. Cooper, mayor; James O'Keefe Jr., city attorney; John J. Harcom, building inspector; Henry Carroll, police commissioner; Irving Dunn, street commissioner and head of recreation program; E. H. Hart, commissioner of health and safety.

The foregoing appointments will be made on the night of April 24 by the new city council, it was generally assumed this morning, following a meeting last night held by the three newly-elected councilmen, Cooper, Dunn and Carroll.

It was further asserted this morning by one of the new councilmen that a change would definitely be made in the office of city judge, a position now held by George Montell.

Gossip mentioned Jean Hoss, former judge, and Thomas Furman, former police chief, as possibilities for the office. Meanwhile, new council members report that no one has yet been considered for the job. Duties of the city judge will be materially increased when the new council carries out its campaign program of adding civil functions to the present criminal duties of the court.

Hoss, it will be recalled, was chairman of the New Deal Club, campaign organization created to back the victorious ticket in the recent election.

Well founded reports that Harcom is slated for building inspector meant the dismissal of Capt. Hugo May.

Next Monday night the retiring council will meet to canvass the election returns and install the new councilmen in office. On Tuesday night of the following week the new council will meet in business session for the first time and make its appointments.

Changes in the personnel of the city planning commission were also predicted today, although a member of the new city council pointed out that no new appointments have been decided on in that respect.

The fact that Hart, a member of the old council, who still has two years to serve, is to be retained as health commissioner, and the belief that his wishes are being consulted by the new council members seem to indicate that he and the new members will work closely together in the future, leaving W. H. Weeden, the present mayor, something of a "lone wolf."

Weeden, who also has two years to serve, campaigned actively against the new slate, while Hart remained non-committal.

No decision has yet been reached regarding the office of police chief.

North Fair Oaks Opposes Light Plan

Another reported attempt to form a lighting district in the North Fair Oaks district met with the opposition of the North Fair Oaks Improvement Club today.

C. J. De Lacy, secretary, said the club was of the opinion that taxes were already too high in the district.

The club also is opposed to the proposed ad valorem tax suggested by State Finance Director Rollen Vandergrift in order to help balance the state budget.

$6000 Balance in City Funds To Greet New M. P. Council

MENLO PARK, April 11.—When Menlo Park's new city council takes office following a canvas of election returns next Monday night, it will start with a balance of nearly $6,000 in its general and street funds, a report of City Treasurer J. William Ryan shows.

Ryan's report for the month of March, read at a meeting of the retiring city council last night, shows balances as of April 1 as follows: General fund, $4,733.79; street fund, $1,240.45; total balance both funds, $5,974.24.

It was pointed out that when the council which is now retiring took office several years ago, it started with a deficit in funds.

The only other matters of interest in last night's brief council session were the following:

Repairs on one building in Menlo Park and closing of another for occupancy because of alleged violations of the state housing act were requested by Vincent S. Brown, chief of the state division of housing and building, in letters addressed to Capt. Hugo May, Menlo Park building inspector.

Mayor W. H. Weeden, who recently complained to Santa Clara county CWA headquarters of discrimination against Menlo Park citizens in employment on CWA projects in Menlo Park, reported that during the past week all 28 men employed in CWA work in the city were residents of the town.

The council adjourned until next Monday night, when it will meet to canvas results of Monday's municipal election.

Britton Estate Sale Reported

Acreage in San Carlos Will Immediately Be Developed

Acquisition by San Francisco interests of the 95-acre tract composing the late Mrs. Belle J. Brittan's estate in the heart of San Carlos was announced today by John W. Rutherdale, who will act as the subdivider's agent. The sale was arranged by the office of Merritt R. Hosmer of San Carlos.

Immediate improvement of the property by construction of streets and erection of homes is planned, Rutherdale announced. Surveying will be started this week by George A. Kneese's office for laying out the new subdivision.

The tract is bounded by Cedar street and the Alameda de las Pulgas and by San Carlos and Brittan avenues. It is part of the old Nathaniel Brittan estate. Brittan was one of the pioneer settlers of San Carlos. The land is reported to have involved a consideration of $50,000.

Tires Purchased In Spring Assure Greater Mileage

Timely suggestions indicating how car owners can get the most miles out of new tires is made by Lynch Bros., local Goodyear dealer.

Mr. Lynch's experience, backed also by the findings of test cars which make a business of investigating things that affect tire mileage, is that cool-curing new tires on cars in service when the weather is not very warm toughens and tempers the casings for extra long life.

"It is a fact easily proved," pointed out Mr. Lynch, "that new tires will average up to 30 per cent more mileage if they are started off on cooler spring roads, instead of waiting until highways are hot in summer to place them in service."

Sister Seeks New Spencer Murder Quiz

Sheriff McGrath Says He's Willing to Reopen Case

New demand for the reopening of the investigation into the strange death of Mrs. Edith Orr Spencer, wealthy Menlo Park widow, who was found dead in the gardener's quarters of her estate on July 20, 1932, was made Monday by relatives.

Sheriff James J. McGrath, who previously has gone into the deaths of Mrs. Spencer and her gardener, John Viano, who was found in the garage below his living quarters, said today that he was willing to reopen the inquiry.

Mrs. Alice Johnson of Oakland, a sister of Mrs. Spencer, and her husband, Edward Johnson, have asked for the new inquiry. The two have refused to accept the coroner's verdict of "murder and suicide." They also are seeking further light on the death of Frank M. Spencer, head of the Spencer Elevator Company of San Francisco, who died two months before his wife's murder.

Mrs. Johnson late today was to come to Redwood City in an attempt to get an order for the exhumation of the bodies of Spencer, his widow and Viano, the Associated Press reported from San Francisco.

Investigators were said to have learned that Spencer intended hiring a bodyguard for his wife and to claim that he himself was given poison milk.

Renewal of the investigation is for the purpose, Mrs. Johnson said, of clearing her dead sister's name of the suspicion advanced that the gardener resorted to murder and suicide when hope of marrying the rich woman vanished.

Sheriff McGrath said that his investigation has convinced him that the story of any romance between the two was "poppycock." He believed the gardener killed Mrs. Spencer after an argument brought about because both were upset over Spencer's death.

"Facts Dispute Theory"

The sister and her husband contend that Mrs. Spencer and Viano were murdered by a third party and they declare they have discovered new evidence sufficient to warrant reopening of the case.

"We are convinced," wrote the Johnsons to Sheriff McGrath, "that Mrs. Spencer was murdered, that the gardener, John Viano, also was murdered, and that the murderers never have been brought to justice.

"You may call on us for any information we may have and trust that you will carry the investigation through to a successful conclusion."

"The physical facts of the case—those that have not been destroyed—and the character of the people who were found slain does not permit of the theory of murder and suicide."

Seeking Lost Securities

Mrs. Johnson, meanwhile, in vain has sought $110,000 worth of negotiable stocks held by Mrs. Spencer and missing since her death. On the day of the murder Mrs. Spencer visited her safe deposit box in San Francisco, but there is no record of what she took away, according to Mrs. Johnson.

The physical facts, the family contends, make the murder-suicide theory untenable.

TRACK MEN ASK CHANGE TO McNUTT

Arraignments Delayed For One Week By Move

Superior Judge Franklin Swart announced in court here this afternoon that he will fight the disqualification move of the 14 defendants indicted by the San Mateo County Grand Jury for violation of state betting laws in the use of the option system and declared that a proposed transfer of the case to Superior Judge Maxwell McNutt's court was a "funny state of affairs."

Attorneys Joseph J. Bullock and Harrison W. Call sought to have Judge Swart automatically disqualify himself by quoting statements made by him to the press and in grand jury instructions, which, according to Bullock, show Judge Swart's prejudice against the dog tracks.

Judge Swart replied that he had no prejudice against any of the defendants, four of whom he named as "old friends."

Attorney Bullock answered by stating that Judge Swart's statements indicated that he was strongly biased against the "issues."

Bullock requested Judge Swart to transfer the case to Judge McNutt's court, but this was answered by Judge Swart with the statement: "This is a funny state of affairs."

The jurist was referring to the transfer last October by Judge McNutt of a similar case involving the Baden Kennel Club from his (McNutt's court) to Judge Swart's. At that time Judge McNutt expressed strong feeling against the dog track interests.

Judge Swart suggested three outside jurists who would be suitable to sit on his qualifications, but none of the three was acceptable to Attorney Bullock. The judges were Leo Atteridge of Santa Cruz, H. G. Jorgensen of Salinas and Robert R. Syer of San Jose.

All 14 defendants were in court and answered to their names when called by Court Clerk Carl Peterson.

Attorney Bullock cited such remarks by Judge Swart as "we are satisfied beyond doubt that these activities are unlawful," "the dogs won't run long," etc., in his declaration that the 14 defendants could not secure a fair and impartial trial.

"I can't conceive that I am prejudiced against these defendants," Judge Swart said.

"It's a wonder you don't object to me living," he remarked. "You object to everything else that I do."

Tanforan Races Sunday to Bring Aid to Charity

Sunday Tanforan will have the first welfare day of the present meeting when a special and attractive program will be offered at the San Bruno oval for the benefit of San Mateo county's unfortunates. The proceeds of this program will be turned over to county authorities to be admininstered by established agencies in relieving suffering in San Mateo county.

Ever since Tanforan reopened at least one day of each meeting has been given over to welfare, and in this way thousands of dollars have been raised for those in need of assistance. This meeting J. W. Marchbank, director general of the track, has set next Sunday as San Mateo county's benefit day, and is doing everything possible to make the event a real success. Post time, as on other days, will be at 2:15 p. m.

Tomorrow (Saturday) Tanforan will offer the Juvenile Handicap, a four and one-half furlong race for two-year-olds, with an attractive purse of $1,000 added. The best youngsters stabled at the track will participate.

Menlo Park Resident Accused of Forgery

Claude H. Stewart of Menlo Park, who recently spent 10 nights in jail for failure to support his wife and three minor children, today faced a charge of forgery, involving three checks given Menlo Park merchants.

His preliminary hearing will be held at 1:30 p. m. Friday before Police Judge George A. Montell in Menlo Park. The forgery charge was placed by Deputy District Attorney Harold Anderson following Stewart's arrest in Menlo Park last night for drunkenness.

Georgia Is Example

Georgia stands as an example of what can be done in the way of effecting economies when a real effort is put forth.

It, like all other states, has felt the need of cutting down expenditures. The taxpayers were demanding relief from the heavy burden they were carrying. A program of retrenchment, therefore, was decided on by the government in 1933 and put into effect. As a result the taxpayers are more than $3,000,000 better off for that year.

A report by the state treasurer, George B. Hamilton, reveals that the cost of government was 30 per cent less than the amount appropriated by the legislature. This is a tribute to the officials in charge of the various departments. The total savings to the taxpayers was $3,445,868. "It will be noted," said the treasurer, "that the decrease in receipts is offset by a corresponding decrease in disbursements. This shows conclusively that the economies were brought about by reductions of revenue."

Governor Talmadge by reducing the motor vehicle tax to a flat $3 saved the taxpayers $2,807,309. Another item standing to the credit of the governor is a reduction in the general property tax to four mills from five mills.

Georgia's experience supplies further evidence that the cost of government can be cut where a determined effort to do this is made. It well may serve as a lesson to other states whose taxpayers are finding it increasingly difficult to finance mounting public costs.

Menlo Park

D. E. Sullivan, the widely known attorney, has been appointed the attorney for the Menlo Park Sanitary District to succeed James Davis who has opened a law office in Yreka. Mr. Sullivan is an able attorney and will pay all his attention to the position which pays a salary of $400 a year.

The city election on Monday passed off very quietly. Each side worked hard to win. There was a very heavy vote of 762 out of a total registration of only a little over a 1000. The new board consisting of J. E. Cooper, Irving Dunn and Henry Carroll will be innstalled in office next Tuesday evening. The city has a very efficient force and it would be unjust to make a change in it now.

Mary Weston, the beautiful and winsome young daughter of Mr. and Mrs. John Weston, will be united in marriage to Marion Biggs of San Jose tomorrow at a nuptial mass in the Church of the Nativity beginning at 9:30. The young couple are to reside in San Jose where Mr. Biggs has prepared a pretty home for his coming bride. Miss Weston has been for several years very popular with the younger set of this section. She is a graduate of St. Joseph's and Sequoia Union High School and has been connected for many years with the San Mateo Title Company of Redwood City. Mr. Biggs is prominent in business circles and for many years has been an insurance adjuster.

Menlo Park American Post No. 443 is making plans for a picnic.

Mrs. Carroll A. Devol, who has been visiting relatives in Fort Leavenworth, Kansas, Florida and New Orleans, is at present in New York. She will remain there for some time before going to her ranch in Missola, Montana. Mrs. Devol is junior past president of Menlo Park American Legion Auxiliary and a prominent worker in Red Cross and the National Council of Catholic Women.

Isabelle Weeden Lindquist will sing a group of French songs at Palo Alto Masonic Temple Wednesday night on a program given by the Palo Alto lodge.

Mrs. G. MacMurray gave a card party for the benefit of the hot lunch fund of the P.-T. A.

The many friends of Mrs. Frank Derry of Pine street are glad to see her home again. She spent the winter in San Francisco.

Isabelle Weeden Lindquist has been placed in charge of a musical and dramatic group which meets twice a month in Palo Alto.

The district meting of the American Legion Auxiliary units of San Mateo and San Francisco counties will be held in the social hall of the Presbyterian Church instead of the Central School Auditorium as was originally planned on April 24th. The Masons Lodge of Menlo Park will observe their annual "School Day" program in the auditorium on that date.

Mrs. J. E. Weeden and her nephew, Thomas Sexton, were Menlo Park visitors Monday. They will return from San Francisco the early part of next week.

Mr. and Mrs. C. A. Barry have leased the V. Casalegno home on Santa Cruz avenue, Menlo Park. Mr. Barry is with the Veterans' Bureau in San Francisco.

George Kugeler, 58, a native of Menlo Park passed away at Los Angeles last Tuesday following a short illness. The deceased was a native of Menlo Park and grew to manhood here. For the past twenty years he resided in Los Angeles and Arizona. He was a son of Mrs. Charles Coxin and a brother of Miss Meta Kugeler. The deceased followed mining as an occupation, locating some valuable properties in Arizona and other states. Interment will take place in Cypress Lawn Cemetery today. He was the last of five sons of Mrs. Coxin. The family has the sympathy of the community in its bereavement.

Driscoll Appointed Home Loan Director

Thomas Driscoll of Burlingame has been named Pacific coast director of the Home Owners' Loan Corporation, according to an announcement by Congressman John J. McGrath reported today by the Associated Press.

The congressman said that Driscoll will have full authority to close loans and will have complete charge of loan applications. The office is a newly created one, said to be the outcome of protests against delays in the administration of the corporation in California.

Driscoll is to open offices at 444 California street, San Francisco, and also in Los Angeles, it is reported.

Lowell Swim Stars Hurt at Burlingame

BURLINGAME, Apr. 10.—Arriving early at the scene of last night's swimming meet between Lowell and Burlingame high school teams, two San Francisco mermen decided to go exploring near the high school campus and were injured in falling into a ditch along the railroad tracks.

Richard Simons, 16, was treated at Mills hospital for a slight concussion and Albert Reinhart, 17, suffered slight injuries.

Armament Race Held Serious Peace Threat

GENEVA, Apr. 10 (UP)—A warning that peace is menaced by a general armament race was given to the world today by Arthur Henderson of Great Britain, president of the world arms conference, in opening a meeting of the steering committee of the conference.

Henderson appealed fervently to the delegates to facilitate framing of a treaty to check the movement.

"A new race of armaments already has begun, although it has not yet gathered much momentum," he said.

IT is more than mere talk—the modern electric range and water heater do mean cooler kitchens in hot summer.

Just why they do mean this is simply explained. For example, in the thickly insulated oven of the electric range cooking temperature may be at 500 degrees. Yet outside on the oven top or door it is just barely warm. The same is true of the electric water heater—the water inside the tank may be hot but the tank cover is hardly warmer than your hand.

Why not have these cool and capable kitchen companions working for you in your kitchen this summer and all the summers for many years? They are not expensive to buy right now. Purchase terms are exceptionally easy. And on the new low electric rate they are most economical to operate.

1¢ *-per kilowatt hour! A new low rate block in the electric rate for cooking and water heating consumers.*

Widow Names Masons To Execute Her Will

Trustees of the Menlo Park Masonic Lodge No. 651 are named as executors of the will of Mrs. Elizabeth M. Knapp of Atherton, who died in San Francisco on March 26, according to the will, which was filed for probate here today.

All of her estate, consisting of approximately $2500, is bequeathed to her two sons, Willis, 14, and Walter, 10. Mrs. Knapp requested that they be kept in a Masonic home until they are 21. Mrs. Knapp was the widow of a member of the Minneapolis Masonic lodge.

The trustees of the lodge who will serve as executors are Frank S. Becker, Kenneth L. Martin and George C. Gordon. Their attorney is J. T. Cooper.

More than 30,000,000 head of cattle, calves, hogs and sheep were hauled to market terminals by truck in 1933, a gain of 30 per cent over 1932.

Sequoia Times Gains Awards At Press Meet

Three first places in newspaper writing and honorable mention for editorial excellence in the paper as a whole were awarded Monday to the Sequoia Union High School following the press convention at Berkeley over the week-end under the sponsorship of journalistic organizations at the University of California.

These honors gave Sequoia high school the record of having taken more first places than any other school represented in the competition, which included schools from Santa Barbara to Eureka.

A feature story by Jack Roche, a sports story by Wilbur Brown, and Albert Sullivan's column entitled "The World Around Us" were the prize-winning articles. First place for an editorial and a news story were taken by Palo Alto and Mission high school, San Francisco, respectively. In the best all-around paper contest Piedmont high school was first, with Palo Alto taking second.

Approximately 300 delegates from as far south as Santa Maria and as far north as Eureka were in attendance at the three-day convention. Newspapermen connected with San Francisco and Oakland publications gave the principal speeches, while round table discussions were led by members of publications staffs at the university.

Luncheons, a theatre party, and free admission to the U. S. C.-California track meet and baseball game were provided for the entertainment of delegates. Students attending from Sequoia were Albert Sullivan, editor in chief; Wilbur Brown, sports editor; Helen Torley, feature editor, and Walter Peterson, commissioner of publicity. Miss Louise Watkins, adviser, accompanied them.

Domestic air mail for 1931 was more than 9,000,000 pounds, but in 1932 it dropped to less than 7,400,000 pounds and continued at this low level through 1933

Ku Klux Klan Cross Blazes at Millbrae

A huge 40-foot Ku Klux Klan cross blazed Saturday night near Mills Field, ostensibly as a signal that the klan was reorganizing in the northern part of the state. Its light, visible for several miles, attracted a crowd of spectators.

Walter Heneise of Millbrae, who fired it, told Traffic Officers Robert Sheldon and John Hanlon that he was a klan agent and had acted on orders from headquarters in Los Angeles.

The last flaming cross known to have appeared in the bay district was burned at Piedmont in 1929.

Stepson Slayer Declared Insane By Judge McNutt

Thomas Swarts, 62-year-old ex-automobile painter of San Mateo, who shot his stepson, Jules, to death several weeks ago, was declared insane by Superior Judge McNutt at a hearing here this Monday

It is expected that Swarts will be committed to the Ukiah state hospital for the criminally insane. Testimony of physicians who have had Swarts under observation since his arrest for the slaying was given at today's hearing, which was on a complaint signed by his wife.

No murder charges were filed against the partially crippled slayer of his stepson, but he has been held in the county jail here pending the outcome of the sanity investigations.

PARIS (AP)—Feather tipped scarfs are something new for spring wear. Schiaparelli puts soft birds' breast feathers tinted pale apricot and periwinkle blue on the ends of a scarf of brown crinkled silk called "new bark." The costume which it accompanies is made of the same crinkled fabric and combines a short-sleeved frock with a waist-length jacket.
